

Braun KMM1 Coffe Grinder Disassembly for cleaning

This short guide shows you how to clean the classic Braun KMM1!

Written By: Daniel

INTRODUCTION

This guide gets you into this classic coffee grinder. (You will get some extra jealous looks from your hipster friends because it's soooo vintage ;-D)

TOOLS:

- [Phillips #2 Screwdriver](#) (1)
-

Step 1 — Braun KMM1 Coffe Grinder Disassembly for cleaning

- First of all remove the coffee powder container

Step 2

- Then remove the cap of the bean container

Step 3

- Now it's time to rotate the bean container anti-clockwise to remove it from the machine

Step 4

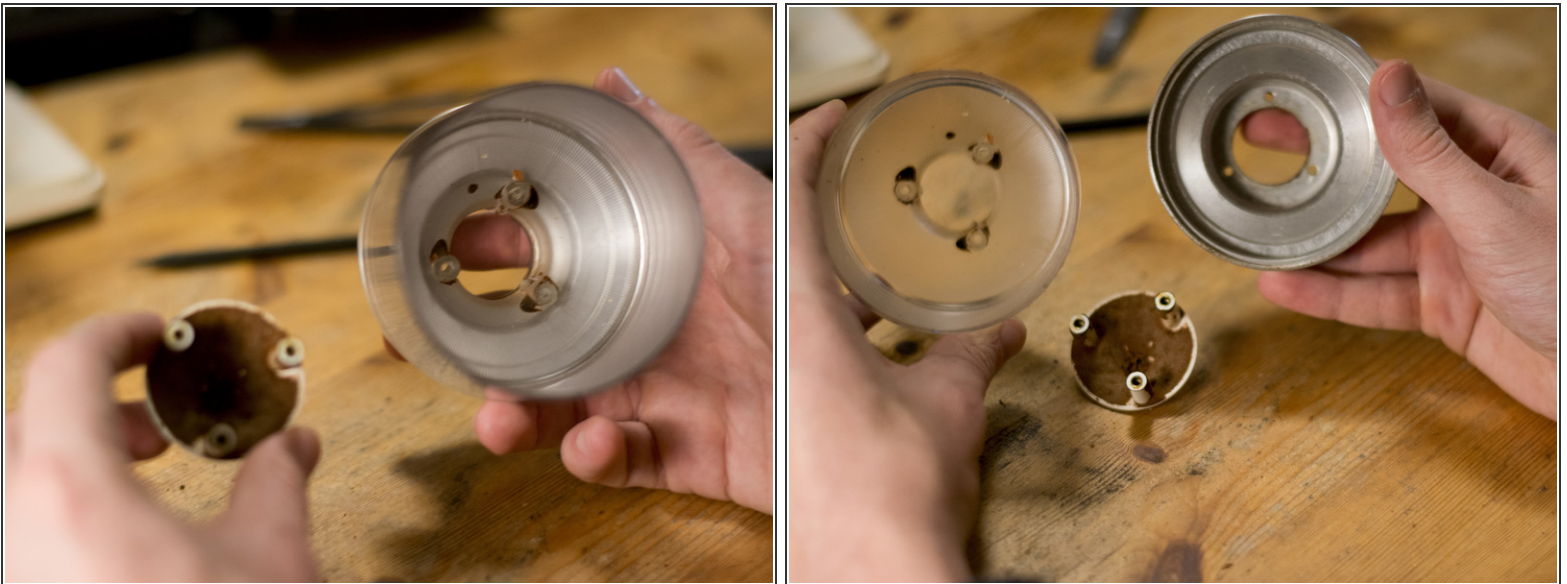

- Here you can see the mill wheel which is now ready to be cleaned

Step 5

- Back to the bean container!
- After a short cleaning action you should be able to loosen this three Philips screws

Step 6

- Now the bean container is completely disassembled and ready for some cleaning work!

To reassemble your device, follow these instructions in reverse order.
